INDEPENDENT AUDITOR'S REPORT

St. John the Baptist Parish Library
A Component Unit of the
St. John the Baptist Parish Council
LaPlace, Louisiana

I have audited the accompanying basic financial statements of the St. John the Baptist Parish Library, a component unit of the St. John the Baptist Parish Council, as of and for the year ended December 31, 2008, which collectively comprise the library's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the management of the St. John the Baptist Parish Library. My responsibility is to express an opinion on these basic financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the St. John the Baptist Parish Library as of December 31, 2008, and the results of operations for the year then ended in

conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued a report dated April 27, 2009, on my consideration of the St. John the Baptist Parish Library's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations and contracts. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of my audit.

The management's discussion and analysis and budgetary comparison information as listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, I did not audit the information, and express no opinion on it.

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the library's basic financial statements. The supplementary information schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements of the St. John the Baptist Parish Library. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in my opinion is fairly stated in all material respects in relation to the basic financial statements taken as whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

ST. JOHN THE BAPTIST PARISH LIBRARY
LaPlace, Louisiana
Management's Discussion and Analysis
As of and for the year ended December 31, 2008

The Management's Discussion and Analysis (MD&A) of the St. John the Baptist Parish Library's financial performance presents a narrative overview and analysis of the library's financial activities for the year ended December 31, 2008. This document focuses on the current year's activities, resulting changes, and currently known facts. Please read this document in conjunction with the additional information contained in the basic financial statements. The MD&A is an element of the new reporting model adopted by the Government Accounting Standards Board (GASB) in their Statement No. 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments" issued June, 1999. Certain comparative information between the current year and prior year has been presented in the MD&A.

FINANCIAL HIGHLIGHTS

The minimum requirements for financial reporting on the St. John the Baptist Parish Library's office that was established by GASB No. 34 are divided into the following sections:

- (a) Management's Discussion and Analysis
- (b) Basic Financial Statements
- (c) Required Supplementary Information (other than MD&A)

Basic Financial Statements:

The basic financial statements present information for the library as a whole, in a format designed to make the statements easier for the reader to understand. The financial statements in this section are divided into the two following types:

- (1) Government-Wide Financial Statements, which include a Statement of Net Assets and a Statement of Activities. These statements present financial information for all activities of the library from an economic resources measurement focus using the accrual basis of accounting and providing both short-term and long-term information about the library's overall financial status.

ST. JOHN THE BAPTIST PARISH LIBRARY
LaPlace, Louisiana
Management's Discussion and Analysis
As of and for the year ended December 31, 2008

(2) Fund Financial Statements, which include a Balance Sheet and a Statement of Revenues, Expenses, and Changes in Fund Balance for the General Fund (a governmental fund). These financial statements present information on the individual fund of the library allowing for more detail. The current financial resources measurement focus and the accrual basis of accounting used to prepare these statements is dependent on the fund type. The library's main governmental fund is the General Fund. The statements in this section represent the short-term financing of general government.

FINANCIAL ANALYSIS OF THE ENTITY

Statement of Net Assets
December 31, 2008 and 2007

	<u>2008</u>	<u>2007</u>
Current and other assets	\$4,277,524	\$3,654,759
Capital assets	<u>2,954,736</u>	<u>2,950,177</u>
Total Assets	<u>7,232,260</u>	<u>6,604,936</u>
Current liabilities	125,393	112,846
Long-term liabilities	<u>183,666</u>	<u>534,989</u>
Total Liabilities	<u>309,059</u>	<u>645,835</u>
Net Assets:		
Invested in capital assets, net of debt	2,954,736	2,950,177
Restricted for debt service	-	368,280
Restricted for endowment	5,000	5,000
Unrestricted	<u>3,963,465</u>	<u>2,633,644</u>
Total Net Assets	<u>\$6,923,201</u>	<u>\$5,957,101</u>

The library has net assets "restricted" for debt service and an endowment. Restricted net assets represent those portions of net assets legally segregated for a specific future use.

ST. JOHN THE BAPTIST PARISH LIBRARY
 LaPlace, Louisiana
 Management's Discussion and Analysis
 As of and for the year ended December 31, 2008

The library also has "unrestricted" net assets, and those are net assets that do not have any limitations on what the amounts may be used for.

Total net assets of the library increased by \$966,100 or 16.2%, from December 31, 2007 to December 31, 2008, primarily due to an increase in ad valorem taxes.

Statement of Activities
 For the years ended December 31, 2008 and 2007

	<u>2008</u>	<u>2007</u>
Revenues	\$3,096,885	\$3,025,225
Expenditures	<u>(2,130,785)</u>	<u>(2,017,300)</u>
Net Change in Fund Balance	<u>\$966,100</u>	<u>\$1,007,925</u>

The library's total revenues increased by \$71,660, or 2.0%. The total cost of all expenditures increased by \$113,485, or 6%. Neither of these two changes are significant to the Library's financial system on a whole.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets:

The library had \$7,133,140 invested in a broad range of capital assets, including the library collection, furniture and equipment, buildings and land as of December 31, 2008. This amount represents the original cost of the capital assets, and reflects a net increase (including additions less deductions) of \$79,368 from last year.

Even though the library is restricted by state statute from owning buildings and land (real property), GASB Statement No. 34 requires that buildings be reported as capital assets on the library's Statement of Net Assets and depreciated annually, as applicable, because the library has primary responsibility for managing and maintaining the building.

ST. JOHN THE BAPTIST PARISH LIBRARY

Management's Discussion and Analysis
 As of and for the year ended December 31, 2008

The table below lists capital assets by type, and the accumulated depreciation as of year-end:

	<u>2008</u>	<u>2007</u>
<u>Capital Assets</u>		
Library collection	\$3,179,034	\$3,100,820
Furniture and equipment	1,250,746	1,249,592
Buildings	2,663,360	2,663,360
Land	<u>40,000</u>	<u>40,000</u>
	7,133,140	7,053,772
Less: Accumulated depreciation	<u>(4,178,404)</u>	<u>(4,103,595)</u>
Net Capital Assets	<u>\$2,954,736</u>	<u>\$2,950,177</u>

Debt:

The Library's only long-term debt outstanding at year end totalled \$183,666, and was for accrued annual and sick leave payable. Total long-term debt decreased by \$351,323 from the prior year due to the continued pay down of bond principal and interest payable.

ECONOMIC FACTORS AND THE 2009 BUDGET

The library considered the following factors and indicators when setting up the 2009 budget: (1) there could be an increase in the ad valorem tax revenue generated in St. John the Baptist Parish; (2) plans are being made to construct and/or renovate two separate building structures, the Central Library Annex Building Construction and the Reserve Branch Renovation, which together have a budget estimated at \$1.4 million; (3) once again the library anticipates that there will be increases in health insurance costs when the contract for the employee group insurance comes up for renewal; and (4) increases in the cost of insurance on the library's contents (books, furniture and fixtures, office equipment, computer systems, etc.), general liability and automobile insurance premiums should also increase; (5) on the savings side, final payments for bonded indebtedness were made in 2008.

Barring any unforeseen events, the library expects that the anticipated revenue available for 2009 will be sufficient to meet its anticipated operating expenses.

NOTES TO THE FINANCIAL STATEMENTS

ST. JOHN THE BAPTIST PARISH LIBRARY
LaPlace, Louisiana
Notes to the Financial Statements
December 31, 2008

INTRODUCTION

The St. John the Baptist Parish Library was established by the parish governing authority under provisions of Louisiana Revised Statute (LSA-R.S.) 25:211. The library provides citizens of the parish and the adjoining parishes, through reciprocal agreements, access to library materials, books, magazines, records and films. The library is governed by a board of control that is appointed by the parish council in accordance with provisions of LSA-R.S. 25:214.

The Library served the community with a population of approximately 48,000 people in the current year. One main library and three branch libraries served approximately 156,000 persons during the year, which was approximately the same as for 2007. This excludes those persons assisted over the telephone. The Library has expanded its electronic access services being offered by adding databases from local resources in addition to the Louisiana Library Connection database resource provided by the State Library of Louisiana. Programming has been increased and more marketing of books and other resources are being developed to highlight library collection, services and resources.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying basic financial statements of the St. John the Baptist Parish Library have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The St. John the Baptist Parish Library has adopted the provisions of Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis -for State and Local Governments. In this regard, the library will be treated as a governmental-type activity for financial reporting purposes in this audit. The minimum requirements for the library established by GASB Statement No. 34 are divided into the following sections: (a) Management's Discussion and Analysis,

ST. JOHN THE BAPTIST PARISH LIBRARY
LaPlace, Louisiana
Notes to the Financial Statements
December 31, 2008

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Basic Financial Statements, and (c) Required Supplementary Information (other than MD&A). The accompanying financial statements of the St. John the Baptist Parish Library present information only as to the transactions of the programs of the library as authorized by Louisiana statutes and administrative regulations. Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues, including ad valorem taxes, state revenue sharing, intergovernmental revenue, interest and other revenues of the library, are recognized in the accounting period in which they are earned and become measurable.

Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. They are recognized as revenue in the year the taxes are assessed.

Expense Recognition

Expenses are also recognized on the accrual basis; therefore, expenses, including salaries, operating services and expenses, materials and supplies, travel, capital outlay, intergovernmental expenses, etc. are recognized in the period incurred, if measurable.

2. Reporting Entity

As the governing authority of the parish, for reporting purposes, the St. John the Baptist Parish Council is the financial reporting entity for St. John the Baptist Parish. The financial reporting entity consists of (a) the primary government (St. John the Baptist Parish Council), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

ST. JOHN THE BAPTIST PARISH LIBRARY
LaPlace, Louisiana
Notes to the Financial Statements
December 31, 2008

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the St. John the Baptist Parish Council for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability.

The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. the ability of the parish council to impose its will on that organization, and/or
 - b. the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the parish council.
2. Organizations for which the parish council does not appoint a voting majority, but are fiscally dependent on the parish council.
3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the parish council appoints the governing board and because of the scope of public service, the library was determined to be a component unit of St. John the Baptist Parish Council, the governing body of the parish and the governmental body with oversight responsibility.

The accompanying financial statements present information only on those funds maintained by the

library and do not present information on the council, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

3. Fund Accounting

The library uses governmental fund types to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions and activities. A fund is a separate accounting entity with a self-balancing set of accounts.

The library's governmental fund types are described as follows:

a. General Fund

The General Fund is the principal fund of the library and accounts for general activities, including the collection and disbursement of specific or legally restricted monies and the acquisition of general fixed assets. The various taxes, fees and charges due to the library are accounted for in this fund, as well as, general operating expenditures.

b. Debt Service Fund

This fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

4. Budget

All proposed budgets for the library were prepared on the cash basis of accounting. The original budgets were completed and made available for public inspection at the library on October 6, 2007. A public hearing was held on October 22, 2007, for suggestions and comments from the public, and the proposed budgets were formally adopted on that date. The budgets, which

included proposed cash expenditures and the means of financing them, were published in the official journal prior to the public hearing. All appropriations lapse at year end, and any accounts payable outstanding at year end are included in the next year's budget with funds appropriated in that year to finance them. Formal budget integration is not employed as a management control device during the year; however, the administrative librarian monitors the budget during the year.

The administrative librarian is authorized to transfer amounts between line items within any fund. When actual cash revenues fail to meet budgeted cash revenues by five percent or more and/or actual cash expenditures exceed budgeted expenditures by five percent or more, a budget amendment to reflect such change is adopted by the library board in an open meeting. Budget amounts included in the accompanying financial statements include the original adopted budget and all subsequent amendments. The original budget was amended and published on November 19, 2008, and was adopted at a meeting of the board on December 8, 2008.

The following is a reconciliation of the excess of receipts over disbursements (budget comparison) with the excess of revenues over expenditures on for the General Fund:

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

5. Cash and Certificates of Deposit
Cash and certificates of deposit includes amounts in interest bearing demand deposits and a savings account. Under state law, the library may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, U.S. Treasury Bills or certificates of deposit with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.
6. Receivables
There was a 3% allowance for doubtful accounts set up based on past experience of the differences between the amount of ad valorem taxes received and accrued as recorded on the financial statements.
7. Capital Assets
Capital assets are recorded at either historical cost or estimated historical cost and are depreciated over their estimated useful lives (excluding salvage value). Any donated capital assets are recorded at their estimated fair value at the date of donation. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight-line depreciation is used based on the following estimated useful lives: furniture and equipment - 5 years; vehicles - 5 years; outdoor metal furniture - 20 years; library collection - 7 years.

The library board has a policy to depreciate all fixed assets that have a purchase price of \$350 or more as part of the implementation of GASB Statement No. 34.
8. Annual and Sick Leave (Long-Term Obligations)
Vacation (annual) leave is accumulated by employees at a variable rate, which is predetermined by the library board and depends on the employee's years of service. The leave is accumulated on a per month basis and is credited at the end of each month. Upon separation from employment, the employee is paid for all vacation leave that is accumulated and credited to the employee. Employees may accumulate a maximum of two and one half times their rate of annual leave.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Sick leave is granted to full-time, permanent employees at the rate of 12 working days (96 hours) per calendar year. Any unused amount of sick leave can be accumulated without limit and carried forward from one year to the next indefinitely. No compensation for unused sick leave is paid to employees upon retirement or termination. Unused sick leave is recorded and maintained for each employee and retiree in accordance with the rules of the Parochial Employees' Retirement System so that upon retirement the unused amount can be converted to additional retirement credit. Accrued sick leave is included as a long-term liability on the Statement of Net Assets.

9. Restricted Net Assets

Restricted net assets represent those portions of net assets legally segregated for a specific future use. The library restricts net assets on the Statement of Net Assets for principal and interest payments on bonds (debt service) and for an endowment received in 1976.

10. Encumbrances

Encumbrance accounting is not utilized by the library due to the nature of operations and the ability of management to monitor budgeted expenses on a timely basis.

11. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B - LEVIED TAXES

Through the parish council, the library is authorized to levy a 10-mill ad valorem tax for library operations, maintenance and construction. The library levied and received 10.0 mills for the year ended December 31, 2008.

NOTE C - CASH AND CERTIFICATES OF DEPOSIT

At December 31, 2008, the carrying amounts (book balances) of all cash and certificates of deposit of the library was as follows:

<u>General Fund</u>		
Cash on hand	\$	550
Interest bearing checking		622,689
Certificates of deposit		600,000
Savings accounts		<u>7,647</u>
		1,230,886
<u>Sinking Fund</u>		
Interest bearing checking		<u>46,585</u>
		<u>46,585</u>
Total		<u>\$1,277,471</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 2008, the library had \$1,229,751 in deposits (collected bank balances). These deposits were secured from risk by \$250,000 of federal deposit insurance and \$3,391,663 of pledged securities held by the custodial bank in the name of the fiscal agent bank.

Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the library that the fiscal agent has failed to pay deposited funds upon demand.

NOTE D - CAPITAL ASSETS

The capital assets used in the governmental-type activities are included on the Statement of Net Assets of the library and are capitalized at historical cost. Depreciation of all exhaustible capital assets used by the library is charged as an expense against operations. Capital assets are reported net of accumulated depreciation on the Statement of Net Assets. Depreciation expense for financial reporting purposes is computed using the straight-line method over the useful lives of the capital assets and is reported in the Statement of Activities.

A summary of changes in capital assets and accumulated depreciation during the year is listed as follows:

	Balance 12/31/07	Additions	Deductions	Balance 12/31/08
<u>Capital Assets</u>				
Library collection	\$3,100,820	\$222,285	\$144,071	\$3,179,034

 <u>Less Accumulated Depreciation</u>				
** Library collection	\$2,604,327	\$141,359	\$144,071	\$2,601,615

 Total	 <u>\$4,103,595</u>	 <u>\$251,951</u>	 <u>\$177,142</u>	 <u>\$4,178,404</u>

- ** Prior to January 1, 1999, library books were added to capital assets at the Bowker Annual average book prices for adult and juvenile books. After that date, the library collection was valued at the actual purchase prices, usually obtained from the vendor. The accumulated depreciation values of the library collection are difficult to maintain with a great degree of accuracy due to the "online-real-time" nature in which the computer system processes the library collection each day. In other words, the \$3,179,034 end-of-year(2008) amount may not be completely accurate on exactly the year-end day of December 31.

NOTE D - CAPITAL ASSETS (CONTINUED)

GASB Statement No. 34 requires that buildings be reported as capital assets on the library's Statement of Net Assets and depreciated annually, as applicable, because the library has primary responsibility for managing and maintaining the building.

NOTE E - PENSION PLAN

Plan Description

Substantially all employees of St. John the Baptist Parish Library are members of the Parochial Employees Retirement System of Louisiana (System), a cost-sharing, multiple-employer defined pension benefit plan administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the library are members of Plan A.

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. Under Plan A, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of credited service, or at any age with at least 30 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3 percent of the member's final-average salary for each year of creditable service. However, for those employees who were members of the supplemental plan only, prior to January 1, 1980, the benefit is equal to one percent of the final-average salary plus \$24 for each year of supplemental plan only service earned prior to January 1, 1980. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

NOTE E - PENSION PLAN (CONTINUED)

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Parochial Employees' Retirement System, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (504)928-1361.

Funding Policy

Under Plan A, members of the System are required to contribute 9.5% of their annual covered salary and the library is required to make employer contributions at an actuarially determined rate. The employer's contribution rate for the year ended December 31, 2008 was 12.75% of annual covered payroll. Contributions to the System also include one-fourth of one percent of the taxes shown to be collectible by the tax rolls of each parish, except Orleans and East Baton Rouge Parishes. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the library are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year.

The library's (employer) contributions to the System under Plan A for the years ended December 31, 2008, 2007 and 2006, were \$91,167, \$92,620, and \$75,916, respectively, and these amounts equaled the required contributions for each year.

NOTE F - LONG-TERM LIABILITIES

Accrued Annual and Sick Leave

At December 31, 2008, employees of the library have accumulated and vested amounts of employee leave benefits, which are computed in accordance with GASB Codification Section C60. This amount is recorded in the Statement of Net Assets as a long-term liability.

The following is a summary of long-term obligation transactions for unused annual and sick leave during the year:

	<u>Unused Annual Leave</u>	<u>Unused Sick Leave</u>	<u>Totals</u>
Long-term obligations payable at December 31, 2007	\$53,319	\$113,390	\$166,709

Deductions	<u>(50,372)</u>	<u>(35,807)</u>	<u>(86,179)</u>
Long-term obligations payable at December 31, 2008	<u>\$62,245</u>	<u>\$121,421</u>	<u>\$183,666</u>

Bond Principal and Interest Payable (Certificates of Indebtedness)

On March 10, 1998, the St. John the Baptist Parish Council, the parish's governing authority, issued Certificates of Indebtedness, Series 1998 bonds with a principal amount totaling \$2,925,000. The proceeds from this issue were used for constructing, operating and maintaining public libraries in St. John the Baptist Parish. The certificates matured serially through March 1, 2008, and are backed by the full faith and credit of St. John the Baptist Parish. However, the library is committed to paying all the principal, interest and cost associated with this bond issue.

In conclusion, as of December 31, 2008, the Library has satisfied all required bond principal and bond interest payments, plus all other related charges surrounding this bond issue.

NOTE G - LEASES AND COMMITMENTS

The library has one separate month-to-month operating lease agreement for building space. It is for additional office space in LaPlace (Annex) for the library staff for a lease term which began July 1, 2001, with \$725 per month lease payments. On this lease, twelve payments were made within the year totaling \$8,700.

In 2004, the library entered into operating lease agreements for four new copier machines for each library branch location. All the agreements began on July 1, 2004. Monthly rental payments are as follows: two machines are \$97 per month each; one machine is \$319 per month; and one machine is \$126 per month.

The total minimum annual commitments under all operating leases are as follows:

Year ending December 31:

2009	\$3,834
Total minimum lease payments	<u>\$3,834</u>

The library has no other capital or operating leases open at December 31, 2008.

NOTE H - ENDOWMENT (RESTRICTED NET ASSET)

On August 19, 1976, the library received an endowment of \$5,000 in memory of Dr. John Smyth. In accordance with the endowment agreement, this money is invested in an interest bearing account. The interest earnings from this investment are used to purchase books for the library.

NOTE I - HEALTH CARE AND LIFE INSURANCE BENEFITS

The library provides certain continuing health insurance benefits for active and retired employees. The library pays 100% of the active and retired employees portions of their health insurance premiums. Premiums are paid monthly to the St. John the Baptist Parish Government's health insurance carrier for library employee coverage. The library's portion of the cost is recognized as an expenditure when paid. There were six retired library employees participating in the plan as of December 31, 2008. The cost of providing benefits for these retired employees for the current year was \$50,641. The costs of providing benefits for all the active employees for the year was \$178,641.

NOTE J - LITIGATION

According to the library's attorney, the library was not involved in any litigation at December 31, 2008, which would require presentation in financial statements or notes thereto. Therefore, no provision for liability has been set up in the accompanying basic financial statements.

I have audited the accompanying basic financial statements of the St. John the Baptist Parish Library, a component unit of the St. John the Baptist Parish Council, as of and for the year ended December 31, 2008, and have issued my report thereon dated April 27, 2009. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. My audit of the financial statements as of December 31, 2008 resulted in an unqualified opinion.

Section I - Summary of Auditor's Report and Findings

There was one material weakness in internal control that was a reportable condition which required disclosure in this audit report (Finding No. 1).

There were no instances of noncompliance that were required to be reported in this audit report.

There were no other findings, required to be reported, and no management letter was issued for the current audit period.

There was one prior-year audit finding, and it was the same as this current-year finding (Finding No. 1).

The St. John the Baptist Parish Library did not receive any major or significant federal funding during the twelve months ended on December 31, 2008.

Finding No. 1

Fiscal Year Finding Initially Occurred: Has existed since inception.

Finding Described: The size of the board's operations and its limited staff preclude an adequate segregation of duties and other features of an adequate system of internal accounting control.

Corrective Action and Additional Explanation: Management is aware of this inadequacy in the internal control structure, however, it feels that to employ such controls would not be cost beneficial. No action will need to be taken.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

St. John the Baptist Parish Library
A Component Unit of the
St. John the Baptist Parish Council
LaPlace, Louisiana

I have audited the financial statements of the St. John the Baptist Parish Library, a component unit of the St. John the Baptist Parish Council, as of and for the year ended December 31, 2008, and have issued my report thereon dated April 27, 2009. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the St. John the Baptist Parish Library's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the St. John the Baptist Parish Library's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the St. John the Baptist Parish Library's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as described below, I identified a

certain deficiency in the internal control over financial reporting that I consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the board's ability to initiate, authorize, record, process, or report financial data reliably in accordance with general accepted accounting principles such that there is more than a remote likelihood that a misstatement of the board's financial statements that is more than inconsequential will not be prevented or detected by the board's internal control. I consider the deficiency described in the accompanying schedule of findings and responses to be a significant deficiency in internal control over financial reporting (Finding No. 1).

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the board's internal control.

My consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, I considered the significant deficiency described in Finding No. 1 to be a material weakness.

Compliance and Other Matters

As a part of obtaining reasonable assurance about whether the St. John the Baptist Parish Library's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management, and the State of Louisiana Legislative Auditor, and should not be used for any other purpose. This restriction is not

intended to limit the distribution of this report which, upon acceptance by the State of Louisiana Legislative Auditor, is a matter of public record.
